# Unigraphics win stand of the show award with Anderson Baillie's design and build solution

Anderson Baillie won a 3-way pitch to design, build and project manage Unigraphics Solutions stand requirements at the Computers in Manufacturing exhibition. The brief was clear, an open stand with the facility to give customer presentations, customer hospitality and for staff to have private client meetings.

The brief was more than fulfilled, with a 130m<sup>2</sup> design built stand which promotes the corporate brand. And all produced in the space of 4 weeks!!!

The solution included:

- Stand design and build
- Graphics and messaging
- AV co-ordination
- Production management
- Project management

## Events and Exhibitions

Specialising in the planning and deployment of exhibition and event centric projects. Anderson Baillie helped to solve Unigraphics stand brief within an extremely short timescale.
